

# 7TH ANNUAL OPEN HOUSE MARCH 27TH

Test Ride the all new  
**Yamaha VMAX SHO**

## DAVE WOLAK

**11am Early Spring Tactics  
for Candlewood Lake**

**Free BBQ  
By Red Neck Heaven**

## MARK BURGESS

**1:30pm Soft & Hard Plastic  
Swimbait Tactics**

Come down Saturday March 27th and meet Dave Wolak and Mark Burgess. Dave will be giving a seminar on early spring tactics for Candlewood Lake. There will be only one seminar and it will start at 11am sharp, so don't be late. If you fish Candlewood in the spring this is a must attend event. After the seminar we will be serving up a BBQ lunch put on by Redneck Heaven. If you have attended some of our last open houses you know how good the food is going to be. Mark will be giving a seminar on soft and hard plastic swimbaits at 1:30pm. Learn the newest technique for catching the biggest bass in your favorite lake. As in years past we will have demo rides, weather permitting, in both Skeeter and Ranger bass boats. This year will be different because they will be powered by the all new Yamaha VMAX SHO four stroke outboards. Come down for a test ride and see why Yamaha calls these new motors, "Game Changers". To satisfy all you tackle junkies we'll have several vendors with tons of new tackle on hand. This will also be your last chance to take advantage of our manufacturer's promotional offers. All remaining promos end March 31st. No Exceptions, hey we don't make the rules.

We hope to see you here!  
Saturday March 27th 9am-4pm Rain or Shine.  
For directions or more info call Al Cappy Jr. at 800-899-0028.
